

PUPIL SENATE

Meeting minutes from Thursday 28th November

12:30pm: Hello and Welcome

Introduced our name and what we would like for Christmas :)

12:35pm: Recapped last session. Could anyone remember the vocab we looked at like *democracy* and *society*. Group discussion.

12:40pm: Focus on planning for our Vision and Values day.

We recapped what we did last year and talked about how the focus was on the 3 values, which we all agreed, are truly embedded throughout the school. We then looked at our vision:

'Preparing Learners for the World that awaits'

and what that means to us. With this in mind, we discussed some activities we could do on the Vision and Values day to really celebrate the Vision. Here are some of the ideas:

- *Learn about taxes
- *Develop skills like resilience, confidence and communication
- *Learn about different careers and pick our favourite
- *Surprise baking session
- *Have a picture using coloured card of the logo on the school playground
- *Write to our future self
- *Identify what skills we need to achieve our dreams
- *Create a Trust dream jar/ time capsule with our aspirations

12:55pm: Questions

JR mentioned that he would quite like to pair up with another senator from the pupil senate and become pen pals and write to each other, which I think is something we can definitely explore in the future.
