

PUPIL SENATE

Meeting minutes from Tuesday 28th January

12pm: Hello and Welcome

Recapped last meeting about the Vision and Values Day.

Announced that their idea of dressing up in clothes that represent what they want to be when they are older has been agreed and will happen. All children are very excited.

12:15pm: Talked about what our whole Trust activity could be on the day. Discussed how staff may find it stressful arranging a whole school logo picture and we wanted everyone to have fun so thought of something different. Children loved the idea of a time capsule so have agreed that they would like to write a letter to their future self which they will then collate together to go in a time capsule. Need to talk to estate leads about practicality of the time capsule (3 so 1 for each school or 1 for the trust)

12:25pm: Children worked in pairs to come up with as many activities as possible linked to the Vision so we could give teachers a bank of activities that they can choose from to use on the day. Some of the ideas mentioned:

*self portrait of when they are older

*Write an autobiography of their life

*Drama/hot seating in their chosen career outfits

*Outdoor team building activities

*A recipe for what makes a good learner for the world that awaits

12:50pm: Shared ideas together and collated them in a document to give to teachers. Read the drafted letter to go to parents. All pupil senate children agreed on the letter so this is now to be sent to parents.
