It is the government's job to make sure that adults and children know about the UNCRC.	King Charles

The advocates we use are chosen primarily as they are examples for the community of one of the UN rights- these people also display a range of protected characteristics, as a further example for pupils and staff. However, we acknowledge that all people are complex and have a range of facets to their personality, and we encourage these ot be explored - in an age-appropriate way- advocates should not be presented as perfect people, with no flaws (as that is unrealistic)
